* Based on the currently foreseeable economic and financial outlook, and taking into consideration its mission and investment strategies, the Fonds de solidarité FTQ is targeting an average annual return of 3.0% to 3.5%, on a long-term horizon. The rate of return is used only to illustrate the effects of the compound growth rate and is not intended to reflect the future value of the Fonds de solidarité FTQ's shares.

12 PAY PERIODS

More accessible

Want to learn more? Ready to start saving with an RRSP+ with the Fonds? Nothing could be easier. Several options are available to you:

- Visit our website fondsftq.com
- Call **1 800 567-3663** (Monday to Friday, between 8:30 a.m. and 6 p.m.)
- Consult your local representative at your workplace
- Find a service point: fondsftq.com/office

PAYROLL DEDUCTIONS

Positively invested with each paycheck

00759 • 01-20

RL-10 slip (Relevé 10)

If you decide to contribute at the Fonds through payroll deductions, you will have to carry all amounts from your RL-10 slips to your tax returns, even if your tax savings are taken directly from your pay.

12 pay periods

Benefit immediately from tax savings

One of the best ways to save with the Fonds is to choose payroll deductions. Why is this option so advantageous? First of all, because it's simple. All you need to do is choose the amount you want to save on each paycheck and your employer will make the required deductions. Payroll deductions also offer you all the flexibility you need. You can stop contributing or change the amount you save whenever you want.

But what's most interesting is that with this savings option you benefit immediately from tax savings, including the additional 30%¹ offered with the RRSP+. As a result, deductions from your paycheck will be lower, making saving even easier and more profitable!

¹ The Fonds de solidarité FTQ's shareholders will receive 15% in tax credits from the Québec government and 15% from the federal government. They are capped at \$1,500 per fiscal year, which represents a \$5,000 purchase of shares of the Fonds de solidarité FTQ.

Please read the prospectus before buying shares of the Fonds de solidarité FTQ. Copies of the prospectus may be obtained on the Website fondsfq.com, from a local representative or at the offices of the Fonds de solidarité FTQ. The shares of the Fonds de solidarité FTQ are not guaranteed, their value changes and past performance may not be repeated.

Here are a few examples of the cost to you over 12 pay periods

This example based on an annual taxable income of **\$40,000** will help you understand the following tables better²:

- With a contribution of **\$10** per pay period, you'll save **\$120** a year in your RRSP.
- Since tax credits are applied immediately, the actual cost of your investment is **\$4.25**.
- An actual amount of **\$4.25** is deducted from your paycheck while **\$10** is added to your RRSP.

\$4.25 is all you need to disburse to save \$10 on each paycheck, or \$120 per year.

² Example for the 2020 taxation year, based on a person with a \$40,000 taxable annual income with a marginal tax rate of 27.5% who receives 12 paychecks per year and benefits from a tax refund on each paycheck. These amounts are estimates that could vary depending on your taxation status.

2 Taxable income of \$44,546 to \$48,535 Marginal tax rate 32.5%

Contribution per pay period (12)	Tax savings (approx.)			Approx. net pay reduction of	Total disbursed per year	Total invested per year
